Service Level Agreement (SLA)

1. Service Levels.

1.1. **Definitions.** Capitalized terms not defined in this Section (*Definitions*) or otherwise herein have the meanings given to them in the nSaaS Direct Schedule.

1.1.1. **“Downtime”** means, subject to the Exclusions below, an interruption of the Hosted Service of five (5) minutes or more, during which time Customer is unable to access the applicable component(s), or functionality is substantially impaired, due to interruptions or impairments. Downtime does not include unavailability, interruptions, or impairments resulting from: (i) any Maintenance Windows (as defined below); (ii) suspension or termination of nSaaS Direct in accordance with the terms of the Agreement; (iii) implementation of critical/emergency security patches in accordance with a relevant risk/vulnerability assessment; (iv) factors outside of Entrust’s reasonable control, including, without limitation, any Force Majeure events, misconfiguration of the Hosted Service by Customer, changes not approved by Entrust, or Internet accessibility problems beyond Entrust’s ISP environment; and (v) issues arising out of Customer’s or any third party network, software, equipment, or other technology service (collectively the “Exclusions”).

1.1.2. **“Maintenance Windows”** are the time frames during which Entrust may perform scheduled routine system maintenance. The Maintenance Windows will not exceed twelve (12) hours per month. Entrust will use commercially reasonable efforts to provide Customer with two (2) weeks’ advance notice of the Maintenance Windows.

1.1.3. **“Service Level Credit”** means an amount equal to five percent (5%) of the Monthly Fee for the calendar month in which the Service Level Default (as defined below) occurred, where **“Monthly Fee”** means the subscription fees paid to Entrust by Customer for the Hosted Service divided by the number of months in the applicable subscription term. The total aggregate amount of the Service Level Credit to be issued by Entrust to Customer for all Service Level Defaults that occur in a single Contract Year will be capped at five percent (5%) of the Annual Fee for such Contract Year, where **“Annual Fee”** means the annual subscription fees paid to Entrust by Customer for nSaaS Direct and **“Contract Year”** means the period commencing on the effective date set out in the relevant Order and ending twelve (12) months later. Service Level Credits can only be applied against the renewal subscription fees due to Entrust for the Hosted Service and any unused Service Level Credits are forfeited upon termination of the Agreement. To the extent such renewal subscription fees have already been paid by Customer at the time the Service Level Credits have been confirmed by Entrust, Entrust shall pay the Service Level Credits to Customer. The Service Level Credit is Customer’s sole and exclusive remedy for any Service Level Default.

1.1.4. **“Service Level Default”** mean an instance where Entrust has failed to meet any Service Level Target.

1.1.5. **“Uptime”** - is the percentage availability of the Hosted Service calculated as follows:

$$\text{Uptime (\%)} = \frac{\text{Total minutes in Calendar Month} - \text{Total minutes Downtime}}{\text{Total minutes in Calendar Month}} \times 100$$

1.2. **Service Level Target; Service Level Credits.**

1.2.1. **Service Level Target.** Entrust will use reasonable commercial efforts to achieve the monthly Service Level Target set out below:

Offering	Applicable Components/Functions	Target Uptime
nSaaS Direct	HSM cluster availability across two or more datacenters*	99.9%
nSaaS Direct	Single instance HSM availability across a datacenter	99%
* In order to benefit from this Target Uptime, Customer must (i) divide their HSMs across a minimum of two datacenters; and (ii) configure the HSM client software to utilize HSMs located in multiple datacenters.		

1.2.2. **Service Level Credits** – In order to receive a Service Level Credit, Customer must provide written notice to Entrust no later than thirty (30) days following the end of the subscription period, if Customer believes there has been a Service Level Default. Upon receipt of such notice, Entrust will verify the accuracy of details provided by Customer against its service logs to determine, acting reasonably, whether a Service Level Default has or has not occurred, and will provide details relating to the cause of the Service Level Default to Customer within thirty (30) days from the date of notification. Customer's failure to provide the notice required in this section will disqualify Customer from receiving a Service Level Credit. Customer will be entitled to receive the Service Level Credit for a confirmed Service Level Default.
